STANDARD ORDERS FOR 15 NEW ROADS

Commissioners Find Petitions Sufficient and Appoint Viewers to Make Reports

REPORT ON OFFUT ROAD

25 Viewers Files Plans and Specifications For Proposed County Unit Highway

VIEWERS UNDER 3-MILE LAW

Bids Submitted on 4 Roads Advertised For Letting—Getting Contractors Difficulty

Many miles of new highways, of them cement, will be built in Rush county this year if the contractors can be found and the stage of labor and material does not interfere.

This was made plain when the commissioners yesterday acted favorably on fifteen road petitions and appointed new sets of viewers on the proposed highways, which were advertised for letting yesterday. The bids had to be turned back to the viewers for reviewing and re-estimating because no bids were submitted.

The failure of contractors to bid the four roads, the contracts for which were to be awarded yesterday, showed that the commissioners' experience difficulty in carrying their 1920 road program because contractors are unable to get material and are handicapped by the scarcity of labor.

The four roads which will be re-advertised for bids were the Thomas Mull and John M. Wissing highways in Walker township, running north and south out of Manilla for five miles each way; the George H. Crane road in Anderson township running north out of Midway along the Big Four railroad; Willard H. Easley and Homer Powell of this city were appointed viewers for the Mull and Wissing roads, Omer C. Thompson and E. B. Lowden for the Myer and Derby B. Green and J. M. Easley of this city for the Crane road.

The commissioners as viewers filed a report on the Sabert Offutt road, which will likely be the first cement road constructed under the county unit law. According to the plans and specifications, it will run from the west corporation line in Rushville, in West Third street, east through Arlington to the Shelby county line. The county auditor and engineer also signed the report. The report of the viewers on the Easley-Goddard road in Richland township was received and the road will likely be advertised for bidders. The viewers and engineer on the William E. Roth road in Orange township, which has been pending for seven years, were granted additional time to make a report.

Action on the petition of James C. Cross and others for a cement road running east and west through Arlington was continued as this road will be absorbed by the Offutt road if it goes through, and the petition will be dismissed.

The fifteen road petitions which were found sufficient yesterday, and the viewers appointed in each instance, are as follows:

Frank Wilson et al., in Noble township, an extension of the John Weir road which was built last year on the south end of the Cappel road leading from Rushville to New Salem. The Wilson road will pass through New Salem. The viewers are Lloyd Wagoner and Harvey Newhouse.

D. C. Buell et al., to be constructed of cement and connect with the brick pavement at East Hill cemetery east of Rushville. Jake Clifton and Jake Wissing are the viewers.

Harry M. McMann et al., to start at the Rushville-Jackson township line north of Rushville, where the Power road will end, and run north to the Blinn road. George H. Bell and John A. Nelson are the viewers.

WATSON PETITIONS HERE

Will Be Circulated in Every Precinct in The County

Petitions to place the name of Senator James E. Watson of this city on the state preferential primary ballot as a candidate for the republican nomination for United States senator, are being circulated throughout Rush county and are being readily signed. It is said that a petition will be in the hands of some republican in every precinct of the county so that every republican will have a chance to sign one.

So far as is known, this is the first petition to place a candidate's name on the primary ballot, which has been circulated here.

RESIGNATION OF CABINET FORECAST

Allied Demand For Trial of German War Guilty Expected to Break Coalition Government

CABINET GOES IN SESSION

Number Opposed to Delivery of Accused Believed Sufficient to Overthrow Government

(By United Press.)

Paris, Feb. 5.—A second note will be dispatched to Berlin soon demanding that the German government punish Baron Kurt Von Lesner for refusing to transmit the list of German war guilty, it was believed here today.

Berlin, Feb. 5.—Resignation of the German cabinet as the result of the allied demand for trial of the German war guilty was forecast here tonight.

The cabinet went into session soon after receipt of the list of accused contained in the note from Paris.

The meeting is expected to last throughout the night. Political observers said the coalition undoubtedly would break up.

The number of democrats and centrists opposed to the delivery of the accused was believed sufficient to overthrow the cabinet.

"The German people will not bear this new shame," the Local Anzeiger said today, protesting violently against the allied insistence for delivery of the German war guilty as provided in the peace treaty.

The newspaper said it was convinced the German people will gather the last remnants of their strength to resist to the utmost.

This conference, the newspaper said, is to decide whether the peace treaty "may be changed to enable us to live morally and materially."

"Everybody must be aware that the crisis is beginning today," another paper asserted, adding that it hoped that thousands of Von Lesners could be found in Germany.

FLU SPREADS IN RICHMOND

Epidemic Gradually Becomes More Serious, Officials Report

(By United Press.)

Richmond, Ind., Feb. 5.—The spread of influenza in Richmond gradually is becoming more serious according to physicians here.

The DePauw-Earham basketball game, scheduled to be played here Friday evening, has been called off by President Edward of Earham college.

Unless the epidemic subsides within the next forty-eight hours, the city will be closed, physicians predicted.

ADMITS \$50,000 THEFT

(By United Press.)

Denver, Colo., Feb. 5.—Theft of gold from the United States mint totaling \$50,000 was admitted by Otville Harrington, when he was arrested early today, the police said. All the stolen gold was recovered from underneath of a sidewalk at the Harrington home.

NO COUNTERFEIT MONEY SEEN HERE

Bankers Have Been Warned About \$20 Bills in Circulation in Northern Indiana

CAN BE DETECTED EASILY

Work is Said to be Crudely Done in Raising \$5 Bill to \$20—Way to Detect is Mentioned

Reports that have come here to the effect that a large amount of counterfeit currency has been circulated in northern Indiana have caused local people to give a second glance at paper money coming into their possession. So far as known, none of the spurious currency has appeared here and local bankers declare that they have not received official notice that attempts to circulate it have been made. Usually the government sends notice to the banks when any considerable amount of bad money is floated. In this way the banks are given opportunity to protect themselves and the public.

The currency in question was originally of \$5 denomination, but appears as \$20 bills. The change in the figures, it is said, shows clumsy work and the bad money can be easily detected if the public shows any degree of carefulness. It is said that it is not likely that much of the counterfeit money could get past the banks, but is readily passed to individuals who give less attention to the appearance of the notes. It is reported that some counterfeit quarters have been in circulation here, but this report, according to bankers is unfounded.

The spurious twenty-five cent pieces were supposed to be an imitation of the new coinage issue. It is explained that all of the new quarters are not exactly the same. On some the eagle is placed closer to the bottom of the coin than on others. On some the thirteen stars are arranged on either side of the eagle while on the others a few of the stars are placed under the eagle. The difference in the design probably gave rise to the report that counterfeit quarters were in circulation. A good way to test the genuineness of silver money is by the ring when it is tossed on a hard surface.

Once in a while some clever counterfeiters are able to raise money so that it is extremely hard to detect.

On the other hand the greatest number of such bills are so crude as to put the ones who accept them in the position of having closed their eyes.

SUIT FOR EJECTION WAS COMPROMISED

Contents in Room Used as Bowling Alley is Being Removed and Case Will be Dropped

ANOTHER CASE IS PENDING.

The case filed recently in the Squire's court by the Phoenix Masonic Temple Association against Michael Katsaros and W. M. Thomas, has been compromised, and a ten day period has been given in which the contents of the room may be moved out.

The Masonic association filed a complaint demanding ejection of the tenants named above, so that the room could be given over to Walter Easley the new lease. After a plea in abatement had been filed the attorneys arranged a compromise, and ten days was given for the defendants to vacate the room.

The defendants have paid the costs in the case and when the bowling alleys and fixtures have been removed, the plaintiffs will dismiss the case in Squire's court. Work of emptying the room started immediately and today most of the fixtures had been removed. The case in circuit court, filed by Thomas against the lodge, W. F. Easley and Katsaros, is also said to have been compromised, but so far the case has not been officially dismissed.

ARGUES TAX LAW WITH GOVERNOR

C. H. Alger Addresses Letter to Goodrich, Saying Horizontal Increase Was Not Right

ESPECIALLY ON PERSONAL

Takes Issue With Local Figures Governor Cites and Prepares Some to Show Increased Taxes

In reply to a letter from Governor James P. Goodrich, who attempted to show with local figures that the new tax law did not cause any hardship but instead brought about a saving in comparison with what the taxes would have been without the new law, Charles H. Alger, 425 North Perkins street, yesterday addressed a letter to the governor in which he contended that the instances cited by Goodrich were not representative of the whole county but merely selected to prove the point.

Recently Mr. Alger, George W. Looney, Jr., 827 North Main street, and J. Q. Thomas, 612 North Sexton street, addressed a letter to the governor, pointing out the alleged inequalities of the tax law and calling attention to several instances where personal property was assessed above its first cost. The governor, it is understood, sent a man here to prepare some figures to show the tax law was not unjust, but instead saved the small taxpayers money, and it is to these figures Mr. Alger takes exception in the following letter:

Mr. Thomas showed me your letter and figures of several of the taxpayers in the city of Rushville, only two of them were all personal property. You spoke of John Norris (should be John B. Morris); I judge he had more personal property than a year before and 40% added to that makes \$126.38, more than was right for him to pay.

All of those names are men that live in Rushville. The rate in the city is not as high accordingly as the township rates, so this list of names is not a fair showing.

As far as I know the farms are more equally assessed. In the city some are all that they are worth, others two-thirds. The corporation was not assessed one-fourth, where lands in the township and real estate in the city are assessed equally. It don't make much difference if a percent has been added, necessarily a less rate would furnish the amount of money. Not so, with personal property. There are a good many honest men yet and it isn't

EVIDENCE REGARDED AS VERY IMPORTANT

Allan Moore, Field Agent For Newberry Committee, Testifies He Received \$3,500 in 20 Weeks

IS ONE OF 135 DEFENDANTS

(By United Press.)

Grand Rapids, Mich., Feb. 5.—Allan Moore, Grand Rapids, a field agent for the Newberry campaign committee today testified on the stand that he received \$3,500 from the representative of Senator Newberry in the twenty weeks he worked.

Moore is one of the 135 defendants, including the United States senator, Truman Newberry, on trial here charged with conspiracy and fraud in the 1918 senatorial campaign.

His testimony, in the opinion of Frank Dailey, special assistant attorney general, is the most significant of the trial.

Moore said he was offered the position as field agent by Paul King of Detroit at a salary of \$75 a week. He said that there were other field agents employed.

Mr. Dailey was compelled to rearrange the order of appearance of his witnesses because of illness either among them or their families.

SECOND CANDIDATE IS OUT

W. R. Jinnett Wants Nomination For Representative Again

The second candidate for the republican nomination for representative in the state legislature appeared today when W. R. Jinnett, of Manilla announced that he had filed his declaration of intentions in Indianapolis. W. A. Alexander, living west of Rushville, was the first candidate for this office to enter the field.

Mr. Jinnett represented Rush county in the general assemblies of 1917 and 1919 and was nominated on the republican ticket without opposition both times. He has taken an active interest in party affairs and has aided in campaigns in past years.

RUSHVILLE WOMAN EXPIRES SUDDENLY

Mrs. George Havens, Age 73 Years, Dies While Sitting at Telephone Wednesday Evening

WAS IN HER USUAL HEALTH

Mr. and Mrs. Havens Celebrated 53rd Wedding Anniversary Jan. 3—Four Children Left

Mrs. Louise Havens, wife of George H. Havens, died very suddenly last night about six o'clock at their home, 731 North Main street. Mrs. Havens' death was indeed a shock to her many friends and acquaintances in this city and county.

While Mrs. Havens had been suffering with rheumatism this winter, she was not seriously ill and was in her usual good health yesterday. About supper time she was talking over the telephone and died while finishing the conversation.

Mrs. Havens was the daughter of the late Dr. and Mrs. Marshall Sexton and was born January 3, 1847, being 73 years old at the time of her death. On her twentieth birthday she was married to George H. Havens, and last month they celebrated their 53rd wedding anniversary.

There were four children born, all of whom survive—Myrtle, who made her home here but was visiting in Detroit at the time of her mother's death; Mrs. Clover Tullar of Detroit; Walter Havens of McGill, Nevada, and Horatio S. Havens of this city.

Besides the four children, she is survived by three grandchildren, and a brother and two sisters. Dr. J. C. Sexton is a brother and Mrs. C. H. Parsons a sister, both living here, and Mrs. Ruby Frazer of Xenia, O.

The deceased was a member of the St. Paul's Methodist Episcopal church of this city, having united with the church at an early age and become one of the active members.

The funeral arrangements were not completed today as word had not been received from Walter Havens, who lives in Nevada. Miss Myrtle Havens and sister, Mrs. Chester Tullar of Detroit, arrived today at noon.

AMERICAN IS KIDNAPPED

American Embassy at Mexico City Demands Eskew's Release

(By United Press.)

Washington, Feb. 5.—Joseph Aske, an American citizen, was kidnapped by Mexican bandits during an attack on February 2 on the plantation on which he was employed, the state department announced today.

The American embassy at Mexico City has presented to the Mexican foreign office the urgent request that they immediately bring about the release of Aske unharmed.

TO CLOSE CASE TODAY

Albany, N. Y., Feb. 5.—Counsel for the assembly judiciary committee, which is sitting as a tribunal in the case of the five suspended Socialist assemblymen, charged with disloyalty, expected to close their case late today.

ROBBERS THOUGHT PART OF SAME GANG

Sheriff Jones Says Greensburg Officials Are Convinced Demaree and Yazell Worked Together

MRS. DEMAREE HERE TODAY

Refused Audience With Husband But Says She Has Important Information For Authorities

Greensburg, Ind., Feb. 5.—With the exception of one diamond all the jewelry stolen from the home of Harry Hamilton, a wealthy resident here, by Frank Townsend and Harvey Yazell, has been recovered. It was found near the railroad tracks by William Robbins and Harry Nesbit, two railroad men, where it was dropped by Yazell, when he ran from the railroad station following the gun fight in which Sim Linville, shot and killed Frank Townsend.

Townsend's body was taken to his home in Richmond today for burial. Yazell, who was unable to provide \$3,000 bond is in jail and is accused of second degree burglary.

Sheriff Jones returned last night from Greensburg where he went to talk with the prisoner, Harvey Yazell, held in the Greensburg jail on charges of burglary in connection with the \$5,000 robbery there Tuesday night, when Frank Townsend, another robber, was instantly killed when shot by Sim Linville, Big Four detective.

The local sheriff went to Greensburg for the main purpose of finding out if he could, any more particulars of the connection that might link up with the robbery in Greensburg, and the man, Boaz Demaree, who is held in jail here on charges of burglary, being found in Greensburg with household effects of Dr. D. L. Dean and hardware merchandise belonging to the Sharer and Moore firm in Carthage.

Sheriff Jones stated that the Greensburg officials had secured a great deal of information from the man held in jail, and it is the firm belief that the men in the robbery Tuesday night were part of the gang which has been operating in this section of the state, and the one in jail here is also a partner.

The man held in Greensburg failed to provide the \$3,000 bond which the judge fixed. The gang will not come to his rescue because they would have the officials believe that he was not associated with the outlaws which have their headquarters in Decatur county.

Sheriff Jones knew this man's father, and was reared in the same part of Kentucky. Yazell was surprised when Sheriff Jones told him that he knew him and his father, and the prisoner admitted that they formerly lived in Kentucky.

This morning the sheriff received a telephone message from Clara Demaree of Greensburg, wife of the man held in jail here, and she said that she was coming here this afternoon to see her husband. Sheriff Jones told her not to come, as he would not permit anyone to see him.

The woman insisted, stating that she was going to bring her husband some clean clothing. Sheriff Jones made it emphatic however that she would not be permitted to consult with her husband. She told the sheriff over the telephone that she had something important to tell the sheriff and arrived about one o'clock this afternoon.

Mr. Jones and Mrs. Demaree held a conversation behind closed doors this afternoon in the court house, and it was not known just what she had to say. The sheriff kept his word, and would not permit her to see Demaree, as an effort is being made to keep any information from him that would show the officers are on the tracks of the gang of outlaws.

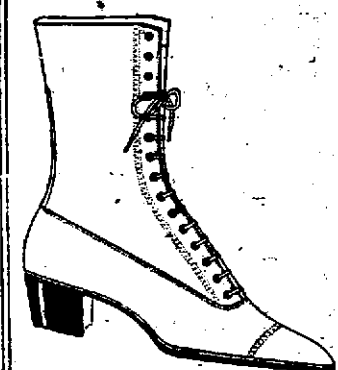

CALLS FRIENDS OF TREATY

Washington, Feb. 5.—Senator Hitchcock today called a meeting of the democratic senators for Saturday morning to discuss the democratic position and Senator Lodge's motion to call up the treaty next Monday. Hitchcock, who returned today from Nebraska, said the meeting Saturday will be attended by friends of the treaty.

H. S. TEAM HAS TWO GAMES

Takes a Road Trip Friday and Saturday Nights

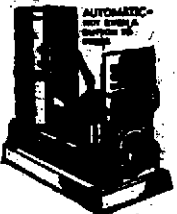

The high school basketball team goes on a road trip this week, playing in Liberty tomorrow night and at Columbus on Saturday night. While the locals walked away with Liberty here they will be handicapped on the small floor, and will also face a new player in the Liberty line-up. Shelbyville had a hard time beating Liberty at that place a few weeks ago, and Liberty has had a change of luck and have been winning most of their games. Columbus is not anticipating a hard game Saturday and expects to pile up a big score against Nashville.

HOW ANY GIRL CAN HAVE PRETTY EYES

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchhazel, camphor, hydragris, etc., as mixed in Lavoptik eye wash, will brighten the eyes and a week's use will surprise you with its QUICK results. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. Dainty aluminum eye cup FREE. F. E. Wolcott, Druggist.—(Adv.)

54 ATTEND THE KID ROAST

15 New Members Initiated in Horse Thief Detectives Association

Fifty-four members of the Rush County Horse Thief Detectives association enjoyed the kid roast which was served at the Knights of Pythias building last night by the Pythian Sisters. Responses indicating they would attend, were received from sixty-eight members, but the condition of the roads prevented them from coming to Rushville. W. J. Hungate of Indianapolis past state president, was unable to be here on account of illness in his family and a short address was made by the Rev. L. E. Brown of the Main Street Christian church.

Fifteen new members were initiated at the court house before the banquet. The tables were arranged in the form of a horseshoe.

NO COUNTERFEIT MONEY SEEN HERE

Continued from Page One

eyes when they doled out the change.

In the long list of notes and certificates issued by the government in various denominations and at various times is a confusing number of identifying portraits and vignettes. In all series of United States notes, treasury notes, silver certificates, gold certificates, federal reserve notes there are seventy-six distinct bills each with a portrait of some prominent American or a vignette representative of an American event.

The bill raiser works, of course, with the smaller denominations and so it is necessary to refer only to these in assisting to thwart him. A certain way to distinguish genuine bills from raised bills in denominations from \$1 to \$20 is to learn that \$1 bills have on them the portrait of Washington, Chase, Stanton or Martha Washington; the \$2 bills have the portrait of Hamilton, Jefferson, McPherson, Hancock, Winchom or Washington; the \$5 bills have Hamilton, Jackson, Thomas, Grant or Lincoln; the \$10 bills have Lincoln, Webster, Sheridan, Morris, Hendricks, Hillgas or Jackson; and the \$20 bills have Hamilton, Marshall, Decatur, Manning, Washington or Cleveland. A few other bills of these denominations have engraved pictures instead of portraits.

As a protection against the raised bills now in circulation it is particularly important to remember that the portrait of Lincoln appears on the \$5 federal reserve notes and the federal reserve bank notes and the portrait of Cleveland appears on the \$20 denomination of these same notes.

If a bill is counterfeit the deception may be detected through the letter and treasury number on the bill. All government notes—but not national bank bills—are printed of one denomination, eight on a sheet, and lettered respectively, A, B, C, D, E, F, G and H. Each note also bears a treasury number. Divide this number or only the last two figures of it, by four, and if the remainder is one then the check letter should be A or E; if two remains, then B or F; if three remains, then C or G; and if no remainder, then D or H. If the result is otherwise then the numbering is wrong and the bill is counterfeit.

Wrong numbering will detect a very large number of the counterfeits in circulation. Some counterfeits, however, have correct check letters.

ARGUES TAX LAW WITH GOVERNOR

Continued from Page One

right to add 30% in the townships and 40% in the city on their personal.

How will the people feel next March when the assessor comes around? Will the State Board add 30% to 40% again? Will they feel like giving it in at the cash worth? You couldn't do a better thing for the cause than to assure them that a percent will not be added.

One said it was a ruling that autos and all machinery and implements should be assessed a per cent off, according to age. It ought to be a law and the assessor compelled to live up to it. Now as Mr.

WARNING

In keeping your barrels regular do not become addicted to weakening purges or minor laxatives, just try **ROHOLAX**, safe, gentle, wholesome. Best and most farthest obtainable at drug stores, everywhere. Roholax is relief for many ailments, including constipation, headache, dizziness, belching, gas, heartburn, torpid liver, bad breath, nervousness, indigestion, flatulence, etc., etc., mental and physical distress.

Hargrove & Mullin
P. B. Johnson & Co.
Pittman & Wilson
Frank E. Wolcott

George Looney gave his Buick in at \$1330.00 and a Franklin at \$900. The Franklin cost \$1,000 more than the Buick and both had been used one season. There is no better way to get at such things than cost and age.

I suggest that township assessors be compelled to publish assessments of land and improvements in the county papers.

Mr. Alger also prepared some figures, selecting taxpayers who have made no changes in their real estate holdings during the past year. They were included in the letter sent to the governor and are as follows:

Rushville Township		Taxes	Taxes
		1918	1919
Milt Stiers	-----	\$274.28	\$456.49
D. C. Buell	-----	491.70	587.76
Lon Link	-----	303.59	422.28
Bush King	-----	400.85	460.87
Seth Moore	-----	648.01	872.27
Jane Moran	-----	247.97	324.30
M. E. Matlock	-----	597.61	698.28
Anderson Township			
John T. King	-----	374.32	439.27
Jackson Township			
S. R. Newhouse	---	608.33	939.33
Guy Gordon	-----	235.40	318.79
Hal W. Green	-----	127.79	182.29
Miranda Kiplinger	-----	332.67	503.67
A. L. Kennedy	-----	228.90	323.68
G. P. Mauzy	-----	265.40	407.40
Richland Township			
Ed Austin	-----	148.19	201.92
J. W. Hite	-----	258.91	431.72
Ed A. Farthing	-----	108.21	169.24
J. W. Logan	-----	236.71	344.74
Noble Township			
O. Applegate	-----	289.82	463.71
Joe Amos	-----	223.38	381.67
John H. Frazee	---	579.43	897.20
R. Kennedy	-----	288.42	491.72
Thomas O. Logan	---	277.44	419.14

The above are taxpayers who have made no change in their real estate holdings in the past two years.

LONDON—The first friendly reception accorded a German since 1914, was seen at Dorchester when Private Bruckmann, prisoner of war, was presented with a watch and money, together with his passport to return home, in recognition of his bravery in rescuing a British aviator from a burning aeroplane.

FRIDAY SPECIAL — 6 REELS

HARRY CAREY
IN THE UNIVERSAL SPECIAL ATTRACTION
"THE RIDER OF THE LAW"

"The Rider of the Law," featuring Harry Carey, Universal's premier western star, will be seen at the Mystic Theatre Friday. As Jim Kyneton, a member of the famous Texas rangers, once the only organization making for law and order that the old Lone Star State knew, Carey has many opportunities for a display of his well known horsemanship.

He is forced to arrest his brother, Nick Kyneton, who has been engaged with others of Jim's friends, in the systematic robbery of the Midas gold mine. Despite the call of family ties and friendship, Jim goes through his task to the finish and then he comes back to say to his widowed parent, "Well, mother, Nick died like a man."

The daredevil Nick is portrayed by Vester Pegg. Opposite Carey is seen Gloria Hope, a little auburn-haired player, who has appeared before with Carey in western photodramas.

We are authorized to announce the name of W. R. Jinnett of Walker township, as a candidate for Representative from Rush county in the Indiana state legislature, subject to the Republican primary election on May 4, 1920.

The Real Profit

While the prices of many necessities have developed a habit of rising regularly, we find that the big corporations which make the same necessities are managing to get along some way and still pay enormous stock dividends. This tells the story of who is really doing the profiteering in the present era of unreasonable prices and still more unreasonable profits. It's not the small retail merchant, who is content with a reasonable profit for his labor, but the large manufacturer of goods which people must have.

The Wool Growers' Journal says that for the wool which goes into a suit selling for \$100, the grower receives only \$7.35. This means that the finished garment costs seven

times more than the price of the raw material. The price of clothing continues to make enormous advances though the American Wool company cleared net profits of 56 percent in 1917 and 1918, or in other words, \$2,000,000 more than the \$20,000,000 total of the company's authorized outstanding stock.

Senator Capper of Kansas presented these figures and many others in a very enlightening speech in the senate which reveals more than other evidence presented, that the large manufacturer is to be blamed for the high cost of necessities. But listen to some more of the facts presented by Senator Capper.

At a time when shoe manufacturers have issued announcement of still higher prices for shoes, the report of one of the great leather corporations shows profits earned of 52 percent on the stock. The stock of most of such corporations originally did not represent strictly, dollar for dollar, the money invested, but a good part of the stock represented earning power. A great deal, or most, of the so-called "water" in security issues stands for what the organizers believe the concern could earn at a fair dividend rate. But 52 percent is not a fair rate of return on such watered capitalization. As long as unrestricted prices of stocks soar in Wall Street we must be prepared to pay robbery prices.

While we were sending the boys to France, eating war bread, and conducting all kinds of drives to win the war the United States Steel Corporation made \$1,300,000,000 net profit. The price of steel common stock, worthless at the beginning, soars to values of unbelief.

The market price of the farmer's live stock has declined nearly 50 percent, bringing many farmers to the verge of bankruptcy. But the high prices the consumer pays for meat are virtually unchanged. This is particularly true of pork, of which we have a surplus of more than one and a half-billion pounds produced last year, besides large quantities in storage.

In the following language he recommends the prosecution of profiteers:

"I earnestly urge as a remedy to meet this emergency an active prosecution of profiteers followed by their imprisonment, and a law requiring every manufacturer to attach to every article he produces the exact price he receives for it. I am confident nothing else will so quickly reduce and stabilize prices and restore business and industry to a safe and sane basis. I also urge drastic reduction in government expenditures, prompt enactment by congress of the measures for strict regulation of the packing industry, and Federal supervision of cold-storage business. The people can help themselves, too, if they will organize to boycott the profit hogs by refusing to buy goods offered at extortionate prices."

If the price of commodities continues to soar we'll soon have no further use for this old earth. We'll all be in the skies hunting something to wear or a bite to eat.

Who says the rich are short on brains? Didn't a wise man once say that "a fool and his money soon part?"

Some folks may reason that Nitro, W. Va., which is being boomed as an industrial center, might blow up at any time.

We suggest, in passing, that the better way to practice economy these days is to practice it.

The fellow who used to buy things "dirt" cheap is now paying an unreasonable price for dirty sugar.

It is a mighty big undertaking to run this country, but every other man you meet thinks he could do it better than it is being done now.

People's Column

Richland Again

An article in the Republican of Saturday Jan. 31, signed "Second Citizen," suggests that "A Citizen of Richland Township," whose article appeared, Thursday, Jan. 29, is peeved. Perhaps he was not peeved, just a trifle unacquainted with conditions. He may not have been a resident here very long and sees things as a stranger would see them. Therefore if things appear to a stranger as they are depicted in that first article, let us take the hint and get to work.

It is true that the "Loan and Red Cross drives never fell down." But why? All-party strife and jealousy and envy ceased. Democrats and Republicans worked together like brothers for the common good of all. The Democrats forgot to double up his fist at the Republican and vice versa. Each one put his shoulder to the wheel and turned it for the benefit of humanity. If the same spirit were applied to other things the result would be just as good. Moreover it will do no good to dwell on past glories. Might as well eat a meal today and depend on that for sustenance the remainder of our life.

"She has two up-to-date 'Hurty' school houses." True again. But what kind of school is in them? Eight grades under one teacher and the best of teachers cannot properly take care of eight grades, besides that is a very old fashioned way and surely we want to see a little advanced.

Then speaking of school houses and not of schools, the first writer ignored our two good buildings, while you, Mr. Second Citizen, seemed to infer there were none in bad condition, when you know absolutely that the Richland village school house is one of which any self-respecting people would be ashamed.

Furthermore, "Second Citizen," says: "Why not move—why stay in a place of such surroundings as you state?" I say, "Why run away from things you don't like? Rather you should try to better them. It would be cowardly to run away and let the rest of us suffer for we can't all run and the ones that have to stay probably want to live in a community of which they are proud just as much as the one that left. Supposing the men of the American and Allied armies could and would have run away and let the Germans take possession of the world just because they found that war wasn't desirable. Wouldn't that have been nice?"

Don't get into "childish" spats, please, but reason intelligently with one another and whatever the outcome may be let all be satisfied. Each individual of us can't always have his own way. Quite often the ability to see the wisdom of the other fellow's idea is the greatest mark of an able brain. Richland township has many faults and being blind and deaf to them will not mend matters will not boost us an iota among our sister townships. So let us see things as they really are even if it does hurt a little.

A CITIZEN OF RICHLAND.

PREPARING FOR A REVIVAL

Members of the First Presbyterian church are urged to remember mid-week service this evening. It is to be the last before the special services beginning Sabbath, and an especially good attendance is desired. The subject of the evening's study is to be the Holy Spirit, especially in His relationship to the evangelistic work of the church.

ARE ILL WITH THE GRIPPE

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

One August afternoon, Edwards, in charge of a china shop, was tallying off some invoice when a man rushed in, breathless and said, "Hide me! Detectiffs is after me. I ain't done sumding but they will arrest me anyhow."

Giving him the benefit of the doubt and indicating a place far from the cash register, Edwards said,

"Hide under that burlap." A pile of burlap bags on the floor was at once "burrowed into" by the alarmed man. Within ten seconds two gum-shoes came rushing in.

"Where's he at?" demanded one.

"We seen him beat it in here."

"Who? What?" demanded Edwards.

"Git busy, Bill," said the first detective. "This guy don't know nothing, only he will right soon."

Bill peered under the counters and sped to the rear of the store. The other man saw a peculiar movement of the burlap and said:

"What's under them bags?"

"China," said Edwards, trying not to grin. "Don't break any of it."

"I'll see," said the detective. And he jumped on the bags. The pursued man was resourceful.

"Tinkle, Tinkle, Tinkle!" said he, from under the bags.

Rheumatism Leaves You Forever.

Seated Uric Acid Deposits Are dissolved and the Rheumatic Pain Starts to Leave the System Within Twenty-four Hours.

Any druggist in this county is authorized to say to every rheumatiker in this vicinity that if bottles of Allenru, the sure cure of rheumatism, does not all agony, reduces swollen joints and do away with even the most twinge of rheumatic pain, I gladly return your money at comment.

Allenru has been tried and tested years, and really marvelous results have been accomplished in the severe cases where the suffering agony was intense and pitiful and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the work begins. It searches out uric acid deposits, dissolves the uric acid and drives rheumatic poisons out of the body through the kidneys and bowels.

How marvelous how quickly it gives blessed relief often comes in days, and even in cases where suffering is most painful all disappear in a few days.

James H. Allen, the discoverer of Allenru, who for many years has suffered the torments of acute rheumatism, desires all sufferers to know he does not want a cent of any money unless Allenru decisively conquers this worst of all diseases and he has instructed all druggists to guarantee it in every case.—(Adv.)

SCHOOL HEADS MEET IN ANNUAL SESSION

State School Superintendents Were to Discuss Their Work at Their Meeting Today.

THREE PROMINENT SPEAKERS.

Indianapolis, Ind., Feb. 5—Three major topics to be discussed at the annual meeting of the Indiana Town and City School Superintendents' association which opened here today were: Reorganization of the grades, the health of school children and Americanization.

Outside the meeting halls the main subject of conversation was the possible legislative means of securing higher salaries for the teaching profession. It was said that this is necessary to induce young men and women to take up the work of present instructors.

Three prominent speakers were to address the meeting: William H. Wirt, head of the Gary school system; Dr. Charles H. Judd, of the University of Chicago; and Dr. William F. King, of the state board of health.

Amusements

Serial at The Mystic Theatre

If enough radium could be obtained, the dread disease of cancer could be conquered, according to the belief of scientists. This mysterious force, which gives off invisible rays traveling at the rate of 20,000 miles a second, could, if harnessed, become a greater aid to mankind than electricity. But there is less than one pound of pure radium in the world.

Colorado and Utah are the greatest sources of radium ore in the world. How two scientists, working in an underground laboratory, succeeded in extracting radium in large quantities, and how they became the victims of a foreign government which coveted the wonderful substance, is the story contained in the new serial, "The Great Radium Mystery," which is shown at the Mystic theatre today, with such favorites as Cleo Madison, Eileen Sedgwick, Bob Reeves, and Ed Brady in the leading roles. The story was written by Frederick Bennett, a scientist and an X-ray technician.

"The Hidden Bag" and Lyons and Moran in "In the Good Old Days" will also be shown. Harry Carey comes tomorrow in his newest western picture, "The Rider of the Law."

Double Program at The Princess

"Wanted—A Husband"

Would you answer an ad like that? Probably you would if you were young and single and knew that the person desiring the life partner were none other than pretty Billie Burke. Of course, most of us know that Miss Burke is happily married to Mr. Florenz Ziegfeld, of Follies fame. "Wanted—A Husband" is just the name of her new photoplay, which will be on view at the Princess today and tomorrow.

The reason Billie wants a husband in the film is that her two girl companions in her New York studio apartment have each acquired one. She is the "ugly duckling" of the

To Guard Against Influenza

Don't let the dread influenza get you. If you have even the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." He says: "I suffered severely with a bad cough; after using four or five dollars worth of different medicines decided to try Foley's Honey and Tar. One bottle gave relief. Best medicine I ever used." Contains no opiates.

WILL REMODEL BUILDING

Humes and Kirkpatrick to Open Automobile Storage and Laundry

Robert Humes and Russel Kirkpatrick of this city have bought the building in the rear of Carr's garage, opening in South Morgan street, and will convert it into an automobile and storage. Extensive improvements will be made in accordance with the state fire marshal's standards for such buildings. A cement floor will be put in, the roof lowered and a heating plant installed. It is estimated six weeks will be required to make the needed changes.

The building is constructed of cement blocks and was formerly used for a feed and sale barn. It was purchased of Lewis M. Clark of this city.

STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores.

The Martha Poe chapter, No. 143 O. E. S., will hold the regular stated meeting Friday evening, February 6, promptly at 7:30 o'clock. All members are urged to be present.

Guests from Connersville, Greensburg and Spiceland were present for the dance given at the Modern Woodman Hall last evening. The

Greensburg jazz orchestra furnished the music.

About fifty couples attended the dinner dance given at the Social Club rooms in North Morgan street last evening. The All Star orchestra of Richmond provided the delightful music throughout the evening for the dancers.

Mrs. O. M. Dale entertained the members of the Wednesday Afternoon Bridge club yesterday afternoon at her home in North Main street. The guests spent the afternoon playing cards and at the close of the afternoon the hostess served a dainty luncheon.

Miss Emma Blackledge entertained the Happy-Go-Lucky club yesterday with a noon day luncheon at the home of Mrs. H. E. Daubenspeck in North Morgan street. Covers were laid for thirteen guests and following the informal dinner the members enjoyed a social afternoon.

The Woman's Missionary Society of the First Baptist church met with Mrs. R. I. Stewart, 601 West Fifth street, yesterday afternoon. Fifteen members were present. During the business session a letter was read from the matron of the Community House at Indiana Harbor, thanking the society for the sheets, towels and pillow cases sent them. The society also voted to send its quota of supplies for the Baptist Orphanage in Alaska at this meeting. The program which followed the business session was taken from the January number of Missions.

WOMEN BRAVER THAN MEN

Women often do their daily tasks in home, office or factory while suffering pain and misery that would put a man in bed. However, much of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills, and got relief. Eight bottles cured me." Safe, harmless; quick results. F. B. Johnson, Adv. 5

RED CROSS GETS CALL FOR MORE NURSES

THREE calls for nurses have come to the Lake Division Department of Nursing in the past week.

The opportunities offered are several—overseas, in the navy, and in the United States Public Health Service.

Applications of enrolled Red Cross nurses are being received at the Department of Nursing, 22nd and Prospect ave., Cleveland, O., Plymouth Bld.

Patriotic service is still open to women who are training to be nurses in schools in this country.

Director of nursing at Lake Division headquarters, says: "From the moment a student enters the training school, little or no financial outlay is necessary. When she graduates the nurse enters a field where the demand has always been greater than the supply."

LAKE DIVISION FINANCIER ATTENDS GENEVA COUNCIL OF THE RED CROSS LEAGUE

APPOINTMENT of five American delegates to the first meeting of the General Council, League of the Red Cross Societies, at Geneva, was announced by the American Red Cross today. The delegates are:

Willoughby G. Walling, of Chicago, vice-chairman of the Central Committee of the American Red Cross; Otis H. Cutler, of New York, former manager of the Insular and Foreign Division; Mrs. Wm. K. Draper, vice-chairman of New York County Chapter and formerly chairman of the Women's Advisory Committee; Samuel Mather, of Cleveland, former member of the Central Committee; and Eliot Wadsworth, of Boston, member of the Central Committee.

Henry P. Davison, formerly chairman of the War Council of the American Red Cross, chairman of the Board of Governors of the League of Red Cross Societies, will accompany the delegates when they sail on the Mauretania next Wednesday. Mr. Davison was named chairman of the board when the League of Red Cross Societies was formed at a meeting of delegates from America and four principal Allied nations last spring.

The meeting, which will open in Geneva March 2 and will continue one week, is expected to prove of far-reaching importance in international health promotion.

World problem concerning improvement of health and prevention of disease; means of increasing the membership, resources and effectiveness of national Red Cross Societies and methods of organizing and using these for peace-time service will be discussed.

Delegates from the following national Red Crosses, members of the League, have been invited, along with those of the United States: Argentina, Australia, Belgium, Brazil, Canada, China, Cuba, Denmark, England, France, Greece, Holland, India, Japan, Italy, New Zealand, Norway, Peru, Poland, Portugal, Roumania, Serbia, South Africa, Spain, Switzerland, Sweden, Venezuela, Uruguay and Czechoslovakia.

The creation of the League of Red Cross Societies was the direct result of the universal desire to preserve for the benefit of all mankind the spirit and effectiveness developed by the Red Cross during the World War.

YOUNG MOTHER WAS IN A HAREM

Husband Came to This Country Thinking His Wife Was Dead But She is Located in Turkey

100,000 SIMILAR CASES

Due to the Efforts of the Near East Relief Such Wrongs May be Righted in Course of Time

New York, Feb. 4.—Somewhere in America is the husband of Mrs. Leah Hovagimian. In Constantinople is Mrs. Hovagimian, rescued from a Turkish harem, but confronted by one of the most tragic problems that ever faced a young wife and mother.

Five years ago Leah then a bride was the happiest woman in the district of Sivas. Then came the war and Leah's husband was among the first to be seized by Turks for military service. After the downfall of the Turks he made his way back to Sivas to be told that his wife and his baby he had never seen had perished in the massacres and deportations. Heartbroken he made his way to America. It develops that soon after he was drafted his wife had become a mother. Leah with thousands of others was herded into a long column and started on a march to death or even worse. Day after day she saw the column dwindle as the weaker fell by the roadside, either to be brutally stabbed or clubbed to death or fall from hunger and exhaustion.

The cries of Leah's hungry baby angered a Turkish guard and he dashed the little one to death against a rock. Leah was sold to a Turkish farmer for a small piece of money, and a Mohammedan wife and dazed by the death of her boy and the uncertainty of her husband's fate, accompanied her master unresistingly. Three years passed and Leah bore a child, another boy. The Turk proved kinder than most of his people and Leah still a Christian at heart dumbly accepted her fate.

And finally came her rescue and her problem. She brought her baby away with her and now in a Near East rescue home her days are full of dead. What will the husband in America say when she finds him? Half Turk though he is little Ali is her son. Her own Armenian baby is dead. What else could she have done? In the American rescue hospitals and orphanages and thousands of cases like Leah's. At least 100,000 more Armenian women and girls are still kept in Moslem harems or worse, thousands of them have children by Turkish masters.

After Sickness

Nothing restores Strength and Vitality as quickly as Vinol, our Cod Liver and Iron Tonic.

Mrs. Moore Proved This:

Warsaw, Ind.—"Influenza left me terribly weak and anaemic and with no appetite. I could not even walk around the house without being all exhausted, and as I am a housewife I had to have help. I tried tonics and doctors without benefit. I read about Vinol, and four bottles built me up and restored my strength, and I have several friends who were benefited in the same way by its use."—Mrs. CHARLES MOORE.

Weak, anaemic persons of all ages are promptly benefited by this famous tonic. We are so sure it is better than any other that we will give

Your money back if it fails.

F. B. JOHNSON & CO., Druggists And Druggists Everywhere.

The U. S. S. Wyoming and the U. S. S. New Mexico are shown here passing through the Pedro Miguel locks of the Panama Canal. The electric engines along the side of the locks are called "mules" in deference to their four legged predecessors—they have just hauled the battleship through the locks. If you are interested in mathematics you might figure out how many old style mules it would take to do the job. The Wyoming at the left, is moving out to the lower level, and as soon as the water in the other lock is let out to the correct level the New Mexico will move ahead. This picture was taken from a U. S. Navy flying boat, during the recent trip of the Pacific Fleet to the West Coast. They were royally received at all of the ports along the trip.

ROME—Lovesick at ninety, an almshouse inmate at Severino named Follini, drowned himself when a woman inmate, 84, rejected his advances.

TAX COMMISSIONERS CONDUCT CONFERENCE

One of Most Important Subjects to Come Before Meeting Was Explanation of New Tax Lists

GOV. GOODRICH WAS TO SPEAK

Indianapolis, Ind., Feb. 5—The state board of tax commissioners and county assessors of Indiana went into conference here today to map out their work for the present year.

One of the most important subjects to come before the meeting was the explanation of the new tax lists, which are vastly different from the ones used under the old tax law. Governor Goodrich was to deliver an address on "Tax Legislation": In this the governor was expected to express an opinion as to whether the special session of the legislature proposed for next spring shall revise the tax law.

Fred S. Sims, chairman of the tax board, was also on the program to explain "The Operation of the Tax Law." Commissioner Philip N. Ziercher will speak on "Why a New Tax Law Was Necessary", and William C. Harrison, secretary of the board, will talk on "The Inheritance Tax".

Much of the time of the three day session was expected to be devoted to the explanation of the new tax lists. Householdors who formerly listed their personal property in a lump sum will be required to list each item. This also applies to farm implements.

The Mascot of the Pacific Fleet.

The proudest member of the Navy with the Pacific Fleet is "Mick," Admiral Rodman's spaniel. From the tip of his tail to the tip of his nose "Mick" is a real sailor. The rougher the seas come the better he likes it. "Mick" stuck his head through a life ring, at the photographer's suggestion, and is giving an imitation of a true patriot looking for an argument. Every man on the New Mexico is "Mick's" pal.

UNGES A SEDITION LAW

Palmer Tells Committee of Necessity to Fight Revolutionists

(By United Press.) Washington, Feb. 5.—Sedition legislation is necessary to combat "a condition of revolutionary intent in the country on the part of both aliens and citizens," Attorney General Palmer told the house judiciary committee yesterday. Palmer outlined his position on the proposed legislation, supporting the Davis bill and the proposed Sterling and Graham bill, which have already been rejected by the house leaders.

PALMER TO ADDRESS DEMOCRATIC BANQUET

Editorial Meeting is Expected to be One of Biggest Held by Indiana Editors

PLANS PLACED BEFORE MEN

Indianapolis, Ind., Feb. 5—A. Mitchell Palmer, attorney general of the United States, was to address the annual banquet of the Indiana Democratic Editorial Association here tonight.

Because the political campaign is not far distant the meeting was expected to be one of the biggest held by the democratic editors for a long time. Plans for the coming campaign as mapped out at the recent meeting of the state central committee of the democratic party were to be placed before the editors.

George Saunders, of the Bluffton Banner, president of the Association expressed the opinion that the meeting would be more largely attended than any during the war. John Heller, of the Decatur Democrat, is secretary of the editors.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, senile men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

K-30c pound for hens, this week John Wilkinson, Henderson bridge phone 13 on 208. 2781f

Wanted to Buy—Poultry, Frank C. George, phone 4136 two longs. 2741f

For a Pain around the Heart after Eating.

TAKE PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

Miscellaneous Wants 17

WANTED—To loan \$1000 to \$20,000 on Rush County real estate. See Homer Cole. 2791f

Special Notices 35

PRESIDENT DISCUSSES
THE TREATY SITUATION

Wilson and Tumulty Hold a Conversation, The Latter Giving a Full Report on Pact Fight

ACTION EXPECTED IN 2 WEEKS

(By United Press.)

Washington, Feb. 5.—President Wilson and Secretary Tumulty had a long talk about the treaty situation, it was learned at the White House today.

Tumulty, it was understood, gave the president a full report on the outline of the new treaty fight which will start next Monday when it will be taken up by the senate.

Treaty ratification within two weeks after next Monday, is the plan of republican leaders of the senate.

They are prepared to adopt clotures if necessary to bring it about it was learned.

Democratic assistance in the passage of the amended cloture rule has been promised.

The word has gone out that there will be no repetition of the treaty debate as formerly.

The necessity of passing a certain amount of legislation is the outlook now. Fourteen appropriation bills must be enacted by June 30. The railway bill will come from the conferees in a few days and must be enacted by March 1 when the roads go back to their private owners.

Mine Sweeper No. 38.

This little boat was one of the fleet of 59 which cleared the North Sea of 55,000 mines.

The Fleet has just returned to this country and was given a big reception in New York City.

These boats would sometimes be out for as long as twenty-five days in the storms and seas for which the North Sea is noted. The work was declared impossible by other navies, but the United States went ahead and completed this work before the scheduled time.

The U. S. Navy once again did the impossible.

CONDITIONS IMPROVING

Canada Did a Business of \$1,707,597,390 in 9 Month Period

Ottawa, Ont., Feb. 5.—Canada did a business of \$1,707,597,390 in the nine-month period of 1919 ending in December, according to figures made public by the government. This represents an increase of \$31,580,565 over the same period of 1918.

Exports of domestic products showed a loss, \$941,845,376 worth of goods being sent out as against \$947,276,355 worth for the previous period. Duty collected on imports for home consumption amounted to \$129,934,039.

"OUCH! ANOTHER
RHEUMATIC TWINGE

Get busy and relieve those pains with that handy bottle of Sloan's Liniment

WHAT Sloan's does, it does thoroughly—penetrates without rubbing to the assailed part and promptly relieves all manner of external pains and aches. You'll find it clean and non-staining. SOVIET RUSSIA WANTS
U. S. TRADE RELATIONS

Their Representative Says That Russia is Willing to Abide by Any Decision We Make

ARE ANXIOUS FOR PEACE

(By United Press.)

Washington, Feb. 5.—Soviet Russia has asked for the opening of trade relations with the United States. The overtures were made by Ludwig C. Martens, Soviet representative, in a statement before the senate foreign relations sub-committee.

Martens promised that any understanding arrived at will be scrupulously observed by his government.

Martens said there have already been negotiations between Soviet and American representatives with regard to peace.

The Soviet government stated its willingness to enter a binding agreement in non-international affairs at a conference in Stockholm in January, 1919. This attitude was re-instated in March 1919, Martens said. In all sixteen peace proposals have been made by the Soviet government to the United States and allied nations, Martens said.

Martens asserted that the American government acting through Col. Raymond Robbins is co-operating with the Soviet government in propaganda against Germany. Robbins was authorized to do this by American Ambassador Francis, Martens said.

Not only, this, but the girls wear their hair in braids—to save hairpins and rouge, and other aids to beauty are "not the thing" at all.

A CHALMERS
with an Elegant New Body

It is new, will no doubt be widely copied in another year, and expresses elegance. It is "cut" high in the front at the radiator line, and low from the windshield back.

You sit close to the ground; the side line is considerably lower than in any previous Chalmers.

Seats are lower, tilt more; you cling to the seat cushion, and you have abundance of foot room, front and rear.

In detail this new body possesses a completeness, a finality that seems impossible to improve upon.

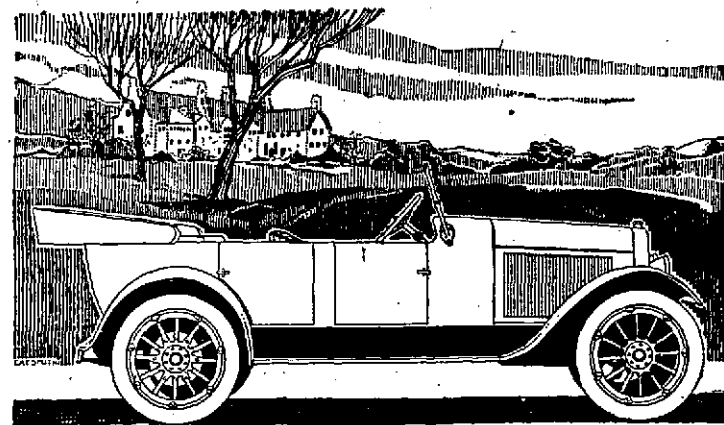

Underneath the body is the same, unchanged Chalmers chassis that is well nigh faultless.

Hot Spot and Ram's-horn continue in their original and masterly way to get out all the power that nature put into gas, though the complaints against the grade of gas today increase daily.

There's a limit to the supply of the new Chalmers, but there seems to be no limit to the number of those who insist on one.

As a word of warning—see this new Chalmers immediately.

SOVIET RUSSIA WANTS
U. S. TRADE RELATIONS

Their Representative Says That Russia is Willing to Abide by Any Decision We Make

ARE ANXIOUS FOR PEACE

(By United Press.)

Washington, Feb. 5.—Soviet Russia has asked for the opening of trade relations with the United States. The overtures were made by Ludwig C. Martens, Soviet representative, in a statement before the senate foreign relations sub-committee.

Martens promised that any understanding arrived at will be scrupulously observed by his government.

Martens said there have already been negotiations between Soviet and American representatives with regard to peace.

The Soviet government stated its willingness to enter a binding agreement in non-international affairs at a conference in Stockholm in January, 1919. This attitude was re-instated in March 1919, Martens said. In all sixteen peace proposals have been made by the Soviet government to the United States and allied nations, Martens said.

Martens asserted that the American government acting through Col. Raymond Robbins is co-operating with the Soviet government in propaganda against Germany. Robbins was authorized to do this by American Ambassador Francis, Martens said.

Not only, this, but the girls wear their hair in braids—to save hairpins and rouge, and other aids to beauty are "not the thing" at all.
